NO. 33

Allmost too Good To Believe

EXPECT APPROVAL OF PLAN FOR CANAL

State Delegation in Congress United in Support of Proposal.

GEN. MACKENZIE AGREES.

Chairman Burton, of Rivers and Harbors Committee, Expected to Favor Project.

Washington, May 24.—The chances of the adoption of the new Lake Washington canal plan seem to be of the brightest. They will be brought before Representative Burton, chairman house committee on rivers and harbors, tomorrow in formal shape, and there is good reason to believe that Mr. Burton will lend his powerful support to the adoption of the plan.

A conference was held today between Senator Piles, Representative Humphrey, Representative Jones, Ex-Gov. McGraw and James A. Moore, and the whole project was discussed in its latest phases with the result that it was decided to present the matter to Chairman Burton tomorrow.

Mr. Moore arrived at midnight last night after a delay of several hours in Pittsburg.

Lies With Congress.

The state's delegation in congress is united in favor of the plan for a twenty-two-foot one-lock canal to be built by the steel interests with which Mr. Moore is affiliated, the company in question to be reimbursed, if the vote is so decreed by the county of King, to the extent of \$500,000.

Gen. Mackenzie, chief of engineers of the army, called at the New Willard hotel tonight and had a talk with Mr. McGraw and Mr. Moore. Gen. Mackenzie is a warm advocate of the canal, although he has never been in a position to lend the greatest aid to the project for the reason that the construction of the waterway was strictly a matter to be determined by congress.

He will favor the latest proposal for the building of the canal on the ground that it means a canal at an early date and that is what the people of Seattle and of King county have been trying to get for years.

Representative Burton, it may be predicted confidently, will be found to occupy precisely the same attitude.

Change Lock Location.

Gov. McGraw thinks the goose hangs high. He believes that the present plan will carry and in this confidence he is upheld by the opinion of Representative Jones, who is one of the most influential members of

the rivers and harbors committee. Mr. McGraw said tonight:

"The matter will be brought before Mr. Burton, and I think the prospect is good. We have heard a good deal about protests from people in Ballard about placing the lock at the mouth of Salmon bay. We have decided to change the proposition so as to place the lock at the head of the bay instead of the mouth. We have not done this on account of any protest, however, but because it better suits our convenience."

MAKES APPEAL FOR SYMPATHY.

Woman Condemned to Die Breaks Down at Eleventh Hour—Blames Paramour.

Liberty, Mo., May 24.—Mrs Aggie Myers, condemned to die on the gallows, for the first time since the killing of her husband two years ago, today asked for sympathy.

She signed an appeal to be women of the state, saying that, if she was on the gallows today, she would say her paramour's story was untrue, and that he alone was concerned in the murder.

THREATEN DOUMA.

St. Petersburg, May 24.—The members of the douma are receiving threatening letter from peasants and Jews who are dissatisfied. The government is encouraging the douma, and socialistic meetings are allowed to denounce the body. The official mes-

senger continues to print telegrams to the czar, praying him to save Russia and disperse the douma.

SHOT THROUGH A LONG FLUME.

Bellingham, May 24.—True Merrill, a logger, was hurled head foremost down a 600-foot flume this morning and shot out at the end like a human bullet. He will live. He was attempting to dislodge a timber above the level of the Nooksack valley in a V-shaped conduit and slipped into the flume, which had a full head of water.

HAWAIIAN MARKET OPEN TO SEATTLE

Coming of Matson Navigation Co. Means Much to Local Merchants.

The plans of the Matson Navigation Company, which, as has already been published, will run a line of ships between this port and the Hawaiian islands, have been almost completed, and the first ship of the new line will reach Seattle within the next few days.

Up to this time the San Francisco merchants have had a monopoly of the Hawaiian trade, but with the Matson boats coming here the conditions will be equalized and the local merchants, if they can equal the San Francisco prices, will be able to get a larger share in the trade.

Another matter which will be of interest to the local merchants is the fact that the Matson boats will bring tropical fruits to this city direct.

THE HON. WILL E. HUMPHREY, REPRESENTATIVE.

KIRKLAND WILL HAVE MEMORIAL DAY SERVICE OF HER OWN.

Judge White to Deliver the Oration. Army Reminiscences by Rev. Mitchell. Patriotic Songs by Children. Memorial Sermon by Rev. Tomlin.

The old soldiers of Kirkland have decided to observe Memorial day at Kirkland next Wednesday, and decorate the graves of the heroes buried in the Kirkland Cemetery. Final arrangements are to be made on Friday afternoon of this week, and announcements will be made at the Sunday services. A program worthy of the occasion has been assured. Judge White, of Redmond, will deliver the oration. Rev. Mr. Mitchell, will relate army reminiscences, and the school children will sing patriotic songs. This is a program no one can afford to miss.

Let all the people of Kirkland set apart this day to attend these exercises and go to the cemetery to decorate all the graves there, as well as those of the veterans who fought for "Liberty and Union, now and forever, one and inseparable." This will be a better observance of the day than to mingle with the hustle and throngs of a large city. Let us remain at Kirkland and honor our town as well as our patriotic dead.

The churches have arranged to observe the occasion in a fitting manner next Sunday. The various churches of the town will unite in a Union Memorial Service at the Baptist Church at 11 a. m. Rev. S. R. Tomlin, of the Congregational Church, will preach the sermon. Let all the members and people make a special effort to attend this service. The old soldiers will attend and sit in a body. The music will be furnished by a union of the several choirs. The members of all these choirs are requested to meet at the Congregational Church on Saturday evening, May 26, to practice for the occasion.

SIGNED TRACK CONTRACT.

President J. C. Ford, of the Pacific Coast Company, left Seattle yesterday afternoon for New York city. Before going he signed a 99-year contract which grants the Chicago, Milwaukee & St. Paul road use of the tracks of the Columbia & Puget Sound railroad from Seattle to a distance 2,000 feet this side of Maple Valley. W. R. Williams, state president of the St. Paul road, signed the contract for the company.

The St. Paul road will pay approximately \$25,000 annual rental for the use of the tracks. The terminals of the St. Paul road in Seattle must be over their own tracks, however.

FISHING TROUT IN LAKE WASHINGTON AT HOUGHTON, NEAR KIRKLAND. No pleasure more attractive to the writer than enjoying such a sport as this.

HENRY IBSEN

Famous poet of Norway, died May 23, '06, 78 years old. He was recognized as one of the most original poets in the world. His books are regarded as the choicest literature in the Norwegian language.

KIRKLAND NOTES

KIRKLAND NOTES

Mrs. Mae Brooks, of Leshi, visited parents in Kirkland Wednesday of this week.

Master Claude Elwood, who has been attending school and making his home with his grand-parents for some time past, will start for the south Saturday evening, where he will spend his summer vacation.

Capt. and Mrs. S. Sanderson, who were absent last week on business, have returned to their home in Kirkland.

Mrs. Douglas Spinney has been seriously ill for some time past, but is recovering her usual health.

Mr. Samuel Blankin of Juanita,

Mrs. Rosa Tompkins and son visited relatives in Snohomish last week.

C. L. Andrews has lately bought and taken over the interest of H. C. Bolcom Lumber Co. in the Kirkland Shingle Mill. Mr. Andrews and T. L. Kyler has now incorporated the same under name Kirkland Shingle Co., Inc. The mill will run at capacity day and night since repairs having been made and electric power and light been installed. The mill is employing 20 men.

Mr. G. W. Sampson passed the examination to the Washington bar last week and was duly admitted to practice law in all the courts of this state, both state and U. S. courts. Mr. Sampson has formed a partnership with Town Attorney Edward Judd, under the firm name of Judd & Sampson at 422 New York block.

ROYAL A. McCLURE, M. D. C. M.

Specialist in Chronic Diseases and Difficult Surgical Cases.

HOME OFFICE: 400-409 Epler Block 813 Second Ave. - Seattle, Wash. All inquiries cheerfully answered.

ATTORNEY AT LAW Notary Public LAW REAL ESTATE Collections and Loans Rooms 430, 431 and 432 Epler Block SEATTLE, WASH.

DR. M. M. RING. DR. G. D. BURN. No drugs or medicines of any kind. Graduates in Osteopathy.

416 Arcade Block. Phones, Main 4432. Osteopathy offers the shortest possible "short-cut" road from sickness to "Wellville." We practice "Genuine Osteopathy," the kind that has cured thousands, the kind that will cure you if you will let it.

Our rates are now \$12.50 per month of 13 treatments, but will advance sharply on April 1st. Do it now.

SUPERFLUOUS hair permanently removed by electric needle; lady operator; the only graduate specialist upon the Coast; eleven years' practice; five years in Seattle. Call or write for references. Chicago Electrolysis Co., 302-304 Third Floor, Arcade Building.

THE Seattle Matrimonial Society wishes a few more ladies and gentlemen members; object matrimony. Phone, L 1205. Room 7, 905 First Avenue. Liable, positive; established 8

Men Cured FOR A FEE OF \$10.

The Sick and Afflicted Appreciate a Genuine, Honest, Straight-forward Offer. By request of a large number who wished to avail themselves of this liberal offer, but were unable to do so in the limited time, and have asked for an extension of time, wishing to serve all alike, I have decided to extend the offer until April only. This is my offer: All who call at my offices, 109 Yesler Way, or write 15, u 336a shrdl shrdl shrdl rdsl describing their cases before April 15, will be treated for any single uncomplicated disease for a fee of \$10.00 until cured. My object in making this unusual low offer for a limited time was to convince every man in Washington who is afflicted that I can and do cure men of the most difficult long-standing diseases, that my treatment is the best that can be had at any price. All I ask in return when cured is to tell their friends where they can get the same results at a nominal cost by a responsible specialist of many years' experience.

I cure all difficult, chronic contracted diseases, Rheumatism, Heart, Stomach, Bowels, Bladder, Skin and Blood Diseases of Vitality, Pain in Back, Prostatic Complaints, Bronchitis, Catarrhal Diseases. If you have any of these troubles come today. Men out of the city with any of these troubles will save by enclosing a money order or scribbling their condition. On same I will send my perfect treatment. Consultation free. This with you.

friends. Games and music furnished the entertainment for the evening. Lunch was served and all present enjoyed a very pleasant evening. The guests were: Misses Josie Wilcox, Olive Smith, Wilda Curtis, Ella Rogers, Myrtle Rogers, Mrs. Munson, Mrs. Wilcox, Messrs. Clinton Curtis, Frank Pratt, Bert Woodruff, Ray Smith, Oscar Blau and Frank Zwiefelhofer.

In a very short time an autocar will be placed on the road between Kirkland and Fall City, which will make the trip in one hour and a half, fare to be \$1.00. Two round trips each day will be made.

The council meeting held last Monday evening was attended with some difficulty. If that august body together with Marshal Daniels and Attorney Sampson could have been focused with the rays of a flash light camera, as they climbed laboriously through one of the windows, it would have furnished massive flocks of fun for the multitude. Timely assistance, in the person of "Councilman" Gilbert, armed with a key to the building, relieved the situation.

Mrs. Julia M. Jones, of this city, is much improved in health and has been spending several days this week with her daughter in Seattle.

Subscription, \$1.00 a Year

Entered as Second Class matter at the Post Office at Kirkland, Washington, under Act of Congress of March 3rd, 1879.

FRIDAY, MAY 25, 1906.

The main office of the Kirkland Press is 214 Columbia street, between Second and Third avenues, Seattle. Come right there to pay your subscription or send money order. All bills payable to Kirkland Press.

KIRKLAND NEWS.

The Library reception was well attended and the report of the officers shows good work being done.

Raymond Mason, who had been quite ill with quinsy is much improved and able to be out.

Mr. Martin Johnson at Jaunita is getting his new house enclosed, it will be quite an addition to the neighborhood.

Our neighbor Jacob Geck has gone to Idaho, attracted thither by the opportunities of taking up government land with cheap irrigation. But he has not yet decided finally to leave Kirkland. We hope he will decide to remain in our midst.

Prof. Steininger's high school students gave him a surprise party last Friday evening, which was a most pleasant affair in every way. The professor has closed his school work here and next year will yield his position to Prof. Craig. Prof. Steininger has secured quite a promotion, to the superintendency of the public schools at Douglas City, Alaska, at quite an advance in salary.

Dr. Kieffer has forsaken his launch and familiar haunts in Kirkland and hid himself to the neighboring town of Redmond, where he has rented offices and established a good medical practice. Kirkland is sorry to lose her doctor but glad that he has not gone beyond her reach, when he is needed. The doctor himself it makes him homesick to come back to our town.

And now Kirkland has a full fledged attorney-at-law. Mr. G. H. Sampson has just been admitted to practice in the several courts of the state, and is now prepared to give legal advice and advocate the causes of clients. He will be associated with Mr. Edward Judd and has offices in the New York block. If his strength in the law will be as great as his name indicates, he will certainly have a strenuous and profitable career. Success to you Sampson.

An infant daughter of Orville and Laura Gerg Rogers was buried in the Kirkland cemetery on Sunday afternoon, aged six months. The child had undergone an operation in a Seattle hospital the week previous. It was named Doretta Evelyn and was a most beautiful child. Mr. and Mrs. Rogers live at Harper, Washington. Mrs. Rogers is a daughter of Mr. and Mrs. Jacob Geck of Kirkland. They have the sympathy of a large circle of friends in this sad affliction.

Subject of sermon at the Methodist Church next Sunday evening, "Young Men, Faults and Ideals," the first in a series of sermons to young men and women. Special music.

We are glad to see Mr. Roffins around again after a siege of sciatic rheumatism.

Police Justice Churchill and wife, who have been visiting in Eastern Washington, are expected home the first of the week.

We understand Mr. Markham has sold his ranch to Mr. Donnegard, his experience with fire evidently was too much for him.

Mr. Louis Beba has purchased Mr. Geck's team and has started in to overpower his 20 acres of forest just south of the Four corners.

It has been arranged to discontinue for the summer months the B. Y. P. U. physical culture class, the club forming itself into an embroidery class to be called the B. Y. P. U. fancy work club. The first meeting to be held at the house of Miss Tressie Gilbert on Friday at 3 o'clock.

Mr. G. A. Upper met with an accident Wednesday while rolling logs. A handspike slipped and he got caught in such a way as to break a rib.

Prof. Steininger has accepted a position as professor of schools at Douglas, Alaska, at a very lucrative salary. Mr. Steininger has been the principal of Kirkland schools for several years and has brought Kirkland schools to a high standard, as they are considered the best in the country. His host of friends regret to see him leave our midst. We congratulate Douglas upon securing a principal whose ability, high moral standing and integrity is vouched for by the people of Kirkland.

The surveyors are staking out the property opposite the Darnean ranch near the Four corners into small tracts, so this neighborhood is rather on the boom.

Mr. O. A. Clark is getting the camp started again on the Anderson place opposite Mr. Geck's.

Our mail carrier expects to take a trip to Auburn next Wednesday to attend the district convention of Rural Letter Carriers. He will enjoy a holiday.

Mr. D. Geise, a wealthy banker of Kansas, and his wife while making a tour of the coast called on their niece, Mrs. A. W. Seely, Wednesday. He does not think much of our country for farming.

Services as follows:
Sunday school at 10 a. m.
Preaching at 11 a. m. and 8 p. m.
B. Y. P. U. at 7 p. m.
Rev. Mackintosh will preach morning and evening. All welcome.

The Baptist S. S. has appointed Mrs. Mackintosh and Mrs. Patty as delegates to the state convention to be held at Tacoma, May 8.

The annual memorial service will be held in the First Baptist Church on Sabbath May 27. Rev. Tomlin will preach. All are cordially invited.

ARCH MACKINTOSH,
Pastor.

ORBITUARY.

Edward Connery, son of M. and Grace Connery, died at Redmond, Washington, May 23, 1906, in the fourteenth year of his age. He had been ill some months, his sickness starting with whooping cough which was followed by mumps, pneumonia and finally meningitis of the brain. All that the best medical skill could do was done to save his life, but all to no avail. He was laid to rest in the Redmond cemetery amid a bank of flowers, brought by his schoolmates, on Thursday, May 24, 1906. The funeral services were conducted by Rev. J. M. Weaver of Kirkland.

Edward was a general favorite, of a good disposition and a bright boy. He excelled in his studies and, had he lived, would have passed into the Eighth grade at the close of the public schools last week. He was ambitious to attend school and achieve this honor.

His parents had high hopes for his success in life and feel their bereavement most keenly. In their grief they have the tenderest sympathy of a host of neighbors and friends.

Mr. and Mrs. Connery desire to express their highest appreciation and return their heartfelt thanks to all the people of Redmond who so kindly assisted him during the illness and funeral of their son. They feel very grateful to every one, for all did all they could to help them at this time of trouble. Mr. C. Norman was especially helpful.

A touching part of the funeral service was the leave-taking of the scholars of the public schools under care of the principal, Prof. W. T. Dood. We need more teachers like him.

Edward has left us, but he has only gone before. In that "Beautiful Isle of Somewhere" we may meet him by and by.

"There is no Death! What seems so is transition;
This life of mortal breath,
Is but a suburb of that life elysian
Whose portals we call Death."

"And God shall wipe away all tears from their eyes, and there shall be no more death, neither sorrow, nor crying, for the former things are passed away."

The Good Templar Social was quite a success in a financial as well as social way.

MISSED DEATH BY TWO FEET.

With Conceal Stiletto
Victor Emanuel of Italy. He had a stiletto concealed in his sleeves.

If any young man in this locality wishes to learn Telegraphy and Railway Business, write to the National Telegraph Institute, P. I. Bldg., Seattle. They guarantee positions. Salary of operators \$60 to \$100 per month. The highest railway officials in this country began as operators. Any young man of ordinary education can learn in very short time and soon be holding a good position.

Strike Rich Vein
 WASHINGTON METEOR MINING COMPANY UNCOVERS 12-FOOT VEIN IN OLD BLEWETT MINE.
 \$15.00 IN FREE GOLD.

CONSIDERED MOST IMPORTANT STRIKE OF THE YEAR IN THIS STATE—GREAT ORE BODY.

LEAVENWORTH, April 26.—The striking of the main gold bearing lead by the Washington Meteor Mining Co. on their property at Blewett this county, has created great interest in this city. For over a year the company has been engaged in the driving of a cross-cut to reach this ore body and in modernizing the plant in other ways. That they have been well rewarded for their perseverance is proven by the reports of the ore body which they have struck, for it is 12 feet wide and very rich both in concentrates and free gold.

Samples were sent today to Seattle to be assayed. Old miners state they show free gold enough to warrant the statement that a very valuable gold ore body has been opened up. There is also much interest being taken in other mining properties, both north and south of this city and there is every reason to believe that Leavenworth will soon become the center of a great mining region.

It is said that samples taken from the new vein which was come upon this week were crushed at the mine and showed \$15 free gold to the ton.

The new ore body is what the managers of the company have been expecting to find and while gratified, it is no more than they expected.

The new discovery is below all the old workings and from what can be seen will demonstrate that Washington has added another big mine to

General News

MAY SAVE THE COFFIN SHIP.
 Victoria, May 24.—The steamer Tencer arrived yesterday from Yokohama with the news that the Russian blockade runner Soerabaya, which, together with 20 o her crew, was recently found frozen in the ice of the North Siberian coast, where she had gone to escape the Japanese war ships, may be saved, if she is not crushed in the break up of the ice in the spring.

RAISE \$200 FOR HIS DEFENSE.
 The Citizens of Corvallis, Where Crefield's Deluded Followers Still Await His Return, Are Helping Mitchell.

Corvallis, Ore., May 24.—Nearly \$200 has been raised here to aid George Mitchell in his trial at Seattle. Sentiment in favor of the young man and indignation against the late leader of the Holy Rollers is not less intense today than it was when "Joshua" fell at the hands of the avenger.

A GROUP OF SCANDINAVIAN TEMPERANCE WORKERS IN SESSION LAST WEEK AT SYLVANA, WASH.

SEATTLE MAYOR AND CHIEF PLAN A CLEAN-UP
 Chief of Police Issues Orders Closing All Poker Games and Pool Rooms—Judge Gordon Declares Saloon Loafers Must Go and Every Ordinance Is Being Enforced.

Seattle has just now entered on a period of housecleaning that will make previous reform administration waves appear insignificant in comparison.

Chief of Police Wappenstein, acting in conjunction with Mayor Moore, will continue his present crusade against vice and crime until the municipality is purged from top to bottom. As fast as possible orders will be issued covering any special line of reform that may be instituted and with the assistance of the judicial arm of the city government the metropolis of Puget Sound is entering upon an era of municipal cleanliness such as the city has never seen.

Take Heart in Work.
 It is remarkable to notice with what thorough zest and determination every patrolman in the department is enforcing the orders already given by the chief. They are imbued with the spirit that has spread throughout the entire police force and there is to be no sidestepping or evasion of the dictates handed down by the executive and his chosen representative at the head of the department.

Every statute and municipal ordinance will be enforced strictly to the letter. This is the first time in the city's history that a reform has gone to the extent of closing up palmists, fortune tellers, clairvoyants, etc., and such was the order given in practically the first communication from the chief to the members of the force.

Poker Games Barred.
 No poker games are to be allowed to operate, nor gambling in any form or manner, whether disguised or open. Even the pool rooms have been closed and accompanying the notice delivered by representatives of the department is the significant statement, "This is no monkey business."
 One poker game which was closed up yesterday afternoon reopened last night, after the detectives who delivered the orders had gone off beat.

Closed Second Time.
 Within a few minutes another blue-coated minion of the law was at the place and the second notice was given in language that allowed of no mistake in interpretation.

OFFERS TO BUILD CABLE FACTORY

Representative of Eastern Company is Planning to Come to Seattle to Save Freight Charges.
 To establish a cable manufacturing plant in or near Seattle that will supply the government with all the submarine cable needed in the Pacific, employ 250 skilled workmen and 400 workmen altogether, with an aggregate payroll of \$250,000 per year, is the proposition submitted to the chamber of commerce by Ira W. Henry, of the Safety Cable Company, New York, through J. F. Flynn.

According to the communication received, the Safety Cable Company has manufactured 2,333 miles of cable for Alaska, and 2,200 for the Philippines, the output representing a value of \$3,000,000. He points out the fact that all the cable now used in the Pacific must either be shipped across the continent or around Cape Horn, at heavy cost for freight alone. If a factory is constructed Mr. Henry claims that he has enough business now in sight to work the plant to its full capacity for the first year.
